Côr Meibion Abercynon was formed during 1970 at the former Junction Hotel in Abercynon. There were originally 20 members of the choir, and today four of the original members still sing with the choir. Currently the choir consist of 25 members but always warmly welcomes new or prospective members.

The choir has always supported charities and has performed concerts in support of Ty Hafan, various charities that support cancer relief and other local and national bodies engaged in charity work. The choir has travelled extensively and has performed not only throughout the United Kingdom, but has also toured Brittany, Ireland and Canada. Members of the choir have performed at the mass choirs' concert at the Albert Hall in London as well as remembrance services held at St David's Hall, Cardiff. This year (1007), the choir is visiting Scotland with a tour including three concerts at Granton on Spey. Early plans are now being made for a possible trip to Austria during the summer of 2008. The choir believes in the family approach and boasts a strong ladies Section who contribute strongly to the success of the choir. They are constant companions and supporters at our concerts and on tour!
